SPMWW MEMBERS LEFT CHURCH AUDITORIUM EMPTY TO GO PREACH THE GOSPEL TO THE LOST IN THE STREETS AND FED THE HUNGRY

Over hundred households were visited by congregants from Salvation Prayer Mission World-wide (SPMWW), when they left their church auditorium and went door to door, in cold weather conditions to preach the gospel throughout the Tshatshu Village, Qonce, since Sunday, 7 May, until the last Sunday of the same month.

"SOUL WINNING IS A LIFESTYLE"

SPMWW presiding Bishop KB Ransford dedicated the whole month of May, 2023 for Soul Winning to reach out to lost souls, feeding the hungry and clothing the needy with intentions to reconcile them to God. On an interview with Spotlight on BCM, Bishop KB Ransford said;

"Our quest is to fulfil God's desire, which is to have all mankind saved and understand the truth about who God is and their identity in Christ.

It gives me so much fulfilment to be available to reconcile God's people with their maker who loves them. I am-

-privileged to serve the Lord and I believe soul winning should be a lifestyle to all believers, even more this end time, because Jesus is coming really soon," said Bishop KB Ransford.

A mother, from Tshatshu Village, who was visited by the church during the door-to-door soul winning outreach Sunday, 21 May, visited the ministry's discipleship service the following Sunday and testified that when the church members visited her home, she was feeling hopeless and depressed because of family challenges and lack of means to feed her children.

"When the people came into our home I was not in a good space, I was frustrated because of family issues, so I almost lashed out on them, but Bishop introduced himself and spoke uplifting words to me and I was embarrassed to realize that the people I almost became mean to had brought good news to me, I decided to give my life to Jesus."

"I was touched as he spoke because I had no means to even feed my family, to my surprise, the church blessed us with food and left us happy. I promised Bishop to be on the next service on time, and that's how I decided to come thank God today," said Yamkela Dyonase.

The SPMWW ministry began in a home setting 20 years ago in South Africa, founded by -

- Bishop KB Ransford, who is used by God as an apostolic prophetic revivalist and an author of many books including the recently launched book; 'The Big Mistake of Saul.

The ministry is known for reaching out to the hopeless and trivialised in society, backed by an outpour of the presence of God, the gift of prophecy and deliverance while rooted in doctrinal teaching of the word of God through the ministry of the Holy Spirit. SPMWW gained international recognition through church planting, revivals and crusades across Europe and Africa. Its branches are planted in South Africa, Eastern Cape and Ghana, with its main headquarters in Tshatshu, eQonce.

Thought provoking statements were written on the ministry members placards as they marched on the streets singing, preaching with loudhailers and distributing food parcels to the needy read; "Where will your after life be,

TESTIMONIES

"20 years prophecy has come to pass"

I joined the church in 2002 during the times where there were prayer meetings in Alice Street, King Williams Town. One night after service, the man of God told me that the Lord had opened his eyes that I would study tourism and one day travel nations.

At the time I was in no position to even believe that because of the circumstances of my life. I was going through a lot, I used to sell fruit and ice-cream at the taxi rank in town after school to ensure we were fed at home. I passed Grade 12 but I had no means to further my education, I had lost hope in life. Shortly after the prophecy, my mother applied for university on my behalf while I was away.

LP Nomsa Matyile

I received a response from the university in January 2003, amazingly, I was admitted in a tourism program though I had told my mother to apply for Human Resources diploma. She later told me that she had put Tourism as a second choice. I was elated to hear that after two years of misery without schooling, I had a chance to finally further my studies.

Twenty years later, what had started only as a far-fetched prophecy has come to pass.

Fullness of time

This year, I passed my Masters of Arts Degree in Tourism Management with the North West University, Mahikeng Campus. As prophesied by Bishop 20 years ago, last month, I had an opportunity to travel to Europe via Dubai to present a research paper from my study findings.

I am gushing over the faithfulness of God to His word through the man of God, Bishop KB Ransford. I believe that what God says is possible because only He has the versions of ourselves we are not privy to. To God be all the glory.

• ZONDELELA NJABA: "At the beginning of the year I had multiple body pains and headaches and had seen a doctor but to no avail but since the 40 days fast I have been completely healed. The Lord has delivered me completely."

• NOMFUNDO TOTO: "The electricity at my house was off since 1998 and there was an outstanding bill of R22 000. On the 18th of April, my electricity was reconnected. I also now have burglar bars installed in my house, I thank God for the people the Lord used for the reconnection of my electricity."

• LP SIPHOKAZI SONDISHE: "During the 40 days fast, there were many things the Lord revealed and spoke concerning my life. Since time immemorial, after significant services over the years, I'd have negative dreams that oppose declarations made or robbery would take place in the dream to take away what I believe to have received during service in walking life."

But after the anointing service, I experienced peace and victory, even in my sleep, no terror came by me at night. I've rather become more courageous, I believe I have crossed a bridge in the spirit with the death of Goliath in my life, I bless God."

• LR NJABA: "I am speaking on behalf of my brother who has a child that owed R24 000 school fees. After he came to the anointing service, his debt was reduced to R10 000."

• LR VENA: "My daughter who is schooling in Grahamstown was believing God for getting in-service training at a particular company she desired to be employed in. After praying during the 40 days fast, she got hired at the company. My younger daughter Sine had a bill of R28 000 but after the 40 days fast, the bill was dramatically reduced to R4000."

• APOSTLE BATHANDWA MATYILE: "I'm representing someone I invited to church during the 40 days fast. I urged him to come because he was not well, even though he had many excuses. He eventually came, he then told me that his eyes were bleeding after the service but after that he was completely healed"

• APOSTLE BATHANDWA MATYILE: "I've been working from home for a long time fixing cars but on the first week of the 40 days fast I got my own workshop. Also, one mechanic who was working next to my workshop just packed and left his workshop. Lastly, on the day I ministered "I escape the trap of Michal" an old lady got burnt in Qalashé."

• DEACONESS LINDELWA DIKO : I was sick for a couple of days, my eyes had sunk into my skull and it wasn't clear what was wrong with me but the Lord helped me after Bishop declared during the 40 days anointing service; "What you are suffering from won't kill you," my face returned to its original form."

1 SAMUEL 17:16

• SINDI: the fasting has been a journey of spiritual awakening and a revelation to many questions I had in my mind. I had a lot of confusion and bitterness about my upbringing and many issues I experienced in life only to find out it was all a part of my preparation season. This fasting has given me a clear understanding of who I am in Christ and has given me a new purposeful life, it left me with a clear direction for my life.

• SANDRA: I give God all the glory for such a time as this. When it was difficult to find a place in university for my daughter, God opened closed doors for her. She is now enrolled at Rhodes University and was awarded R29 940 for merit and her siblings have also offered to assist with her tuition. My daughter also was having issues in her accommodation but now she occupies a single room and is able to focus on her studies.

• Sandra: After dropping my daughter off at school, I noticed my car was making a noise when I applied brakes. I took it to two mechanics who said that the cover of the engine was torn and the brake pads needed replacing. I thank God for providing me with money to buy the brake pad kit.

• LR Lucia: The Lord blessed Azar Centre with a place of worship with everything already prepared inside by the owner of the place.

• LR LUCIA: I was driving from Qalashe coming from the home cell service and when approaching the golf course, the grass there was burning causing smoke to come on the road. I could not see any cars in front or at the back because of the smoke as I continued driving. The Holy Spirit helped me through and I give God all the glory.

• LP NOSI: The Lord fought my unknown battles and God used people to bless me without even asking.

• KHOLISWA: I was acting supervisor at work and during this fast I was told that I will be a full time supervisor and I am waiting for a letter to that effect.

• ELDER MKOSANA: Some of my family members would judge me for my beliefs and decisions to not take part in rituals. One of them called me saying she was feeling dizzy and weak and suspected that it was stress and a possible promotion at work. She asked for prayers and I shared with her Ezekiel 36:8.
-She later called praising God because He is a miracle working God. She was healed and delivered.

• JOYCE AFODOFE: I was working at the University of Cape Town (UCT) as a tutor and I was concerned about the renewal of my contract because they get -

- renewed on a yearly basis. I head that my colleagues had recieved their confirmations except for me, it is during the fast that I was told that I had been retained and promoted to head in the current year. I had already moved to the Eastern Cape when I recieved the news and hired at Charteris and Barnes as an accounting trainee on a permanent post.

-I was caught up in between two jobs that are remotely apart, and I was praying to remain in the Eastern Cape. During the fast I was told that I can work as a tutor remotely, so I bless God because I didn't need to choose between the two jobs but manage them both by grace.

• NOMPHELO: "During the last day of the 40 days fast, which was the Kingship launching anointing service, my mom was bedridden in Joburg, and my niece had to undergo a major operation. My niece had a successful surgery and my mom was delivered and I believe it was because of the presence of the Lord during the anointing service that touched them.

-Also, there were long family disputes between me and my sister but immediatley after the anointing service, she came

-home sober after a very long time and we reconciled.

• LP NANGAMSO GEORGE: "I thank God for the 40 days fast because I've suffered from insomnia for a long time and now the Lord has delivered me."

• MAMA FENI: "I nearly died last year because of my son's drug problem. I feel free now, there is no more bondage"

• EVANGELIST NQABENI: "I thank the Lord for the 40 days fast, now I have grace to pray longer. My daughter who was stuck as a manager at a confectionary shop, deprived resignation rights by her employer joined in on the 40 days prayers and now has been released from her work bondage to pursue her desires.

• LR LUCY AFODOFE: "I was delivered from sickness, it just disappeared. Secondly, I had been praying against a drug stand near my business territory and it finally left during this period and I bless God.

• LR Nandi: The Lord has been faithful from day one of the fast by providing petrol to take us to church morning and evening for the daily prayers, I am greatful.

ACADEMIC TESTIMONIES

Nomphele Precious Nditha

Iwould like to thank God for keeping me throughout my university journey. It was not an easy journey but God was faithful from the begging till the end. I now hold a Diploma in Public Management.

God was faithful from the very onset, how I even got into university was a miracle on its own because I personally never thought I could qualify as university student. This was because of my matric results, I passed my matric with a bachelor's pass, I was so grateful to God for that but at the same time, I had doubts because my bachelor's pass was weak. I had level 1 in Mathematics, so I didn't think it was possible for me to be accepted at a university.

In 2017, I applied to various universities just to try out, my list included the Nelson Mandela University (NMU).

Congratulations are in order for our Worshiper: Precious

"I received rejection emails from different universities but NMU sent an email requesting that I write an "entry test." In 2018 I went to the institution to write the test, but unfortunately, I got rejected.

In 2018 I took a gap year but I still applied for school again. During the gap year God showed Himself strong by providing various job opportunities for me. I also dedicated myself to serving God as a worshiper at church. I believe it was my service to God that opened the door of job opportunities for me.

Towards the end of the gap year, I received another email from NMU to go write the "entry test again." I was amazed to receive a second chance to write the same test twice, I knew it must have been God. So, I went to write the test again, and that is when I got accepted at NMU. That was a huge breakthrough for me.

So, I went to study but throughout my years of study it was not easy, there were times I would feel like giving up but because I knew where God took me from, I never gave up. God was faithful even during my university days because I was also working at the same time.

By the Grace of God, I was able to finish my qualification without failing even one module. To top it off, I am the first person to graduate out of all my parent's children. So, with these words, I would like to thank God for keeping me throughout my university life and being my provider in times of need."
